TFC: Rue is working on getting a list of all groups that bring meetings to treatment centers. He is asking that GSR's talk to their home group and let him know where they are going and what day. This will help keep better track of treatment facilities needs.

Special Events: Discussion about having a chili cook off. It was agreed that District will sponsor a cook off. Home groups can enter a chili to be judged. Winner gets bragging rights. Special events will also have chili for those who are not participating.

GSR concerns: GSR brought up issue that other substances are still being discussed in meetings. This topic was dropped as it will be presented at buzz session. However, it was also decided that this issue may be good to bring up at the home group meetings.

Buzz session in August to be about singleness of purpose

DCM read from 12 concepts

Alt DCM: continuing to visit groups

LCM: Jackie is stepping down from LCM position. Position is now open and interested persons should contact DCM.

DCM: Proudly announced that 12 people from District 23 attended the assembly in Raleigh. Encouraged GSR's to continue to announce District's activities.

Old Business: none

New Business: Sam introduced a new way that GSR's can be notified of upcoming meeting. Happy to say that most GSR's at the meeting have signed up and we will be piloting how everyone like the new text reminder. Still would like to see everyone also sign up for email regarding new content on website.

The meeting ended at 7:30 with the Serenity Prayer.
