LCM: Jean. Reported on the Area Assembly that the Area Inventory will be taken during the Fall Assembly. There are 8 questions which will be pondered during the inventory and she read them for the District. She was reminded by those who also attended that there is almost a \$12,000 surplus in the Area treasury and that if something isn't done by December 31, the excess will go to New York. GSRs were encouraged to return to their groups with this information and if any member happens to have a suggestion for the use of the excess, they can present it to the Area Officers

Alt. DCM: No Report

DCM Report: Steve reported that he spoke to our Delegate, Homer. There is to be a vote at the Area Assembly next weekend regarding whether or not the Area should do a group inventory. The Area has not done a group inventory since 1993, and the question is, is it time for another one? It was requested that we take this back to our home groups and report back to Steve the group conscience of the individual groups. Steve is unable to attend the assembly and will let Jean know the consensus of opinion, as she is going to attend the assembly.

Intergroup Report: Manny. Absent.

Special Needs: Sharon. Nothing new to report, but will accept any requests for help, any time. She can be reached at 554-5454.

OLD BUSINESS:

Open Positions: PI, CPC, . Please advise groups of the open positions.

At last meeting Kim volunteered to look into the lack of receipt of GSR Packets from GSO. She reported that as of June 13th she had submitted all updated packets and that the new GSRs should be getting their packets within two to three weeks.

Jean reminded the group that we will be meeting in the Library for the months of July, August, and September.

NEW BUSINESS: Jean submitted a proposed Motion to Amend the original Motion passed in 1994 which gave Greensboro 2 LCMs with a voice only. The amendment would give LCMs a voice and a vote. The motion passed.

Rue requested \$120 to purchase copies of "The Group" pamphlet to be delivered to each of the 58 existing groups. A lengthy discussion followed about what constitutes a group, what constitutes a meeting, how can we get groups to elect GSRs and how can we attract those elected to the District Meeting. The matter was tabled.

There being no further business, the meeting was closed at 7:40 with the Responsibility Pledge.
